

# 7500 SPORTSYACHT

WHITEHAVEN

MOTOR YACHTS

*your journey. your whitehaven.*

## CUSTOM CRAFTED TO THE FINEST DETAIL

Turning heads for its graceful, yet commanding profile, the new Whitehaven Motor Yachts 7500 Sports Yacht epitomises style with substance.

Like every Whitehaven Motor Yacht, the 7500 Sports Yacht was born from its owners' desire for something "outside the square". They sought an entirely unique, bespoke boat, crafted to their specifications in every facet, from concept to completion, melded with hallmarks that set Whitehaven apart from any other brand on the market.

At just over 22-metres, the 7500 Sports Yacht features single level, open-plan living and dining space for easy entertaining; a seamless flow between interior and exterior.

From the supremely spacious aft deck with seating for 10 or more, barbeque, bar with a clever electric window for access through to the galley and hard top awning for complete protection from the sun, to the foredeck section devoted to soaking up the sun by day and stargazing as the sun sets.

The interior is a study in masterful design and impeccable craftsmanship, a harmonious blend of practical inclusions and aesthetics that delight and intrigue at every turn. The saloon, galley, lounge and helm form a unified whole, an

inviting social space with massive wraparound windows for unimpeded views. Room for an 8-seater dining table and a superbly equipped galley make this model an entertainer's dream.

Below decks are three sizable suites, including the impressive Master which makes optimal use of the full-beam, with king-bed, chaise, desk, vanity, robes and stunning ensuite boasting twin sinks, full-height shower and seaview.

A second galley doubles as a utility area, top of the range appliances concealed under Corian benchtops. The décor comprises hand-chosen elements such as textured timber, woven Italian leather feature panels, designer tiles and designer details, combined with a skilful use of space, light and storage.

From the smallest, discrete detail, to significant considerations such as hull design and related performance benefits, this unique Whitehaven journey has culminated in the next-generation flagship: The 7500 Sports Yacht sets a new standard that will captivate those seeking the freedom to create a boat in their own image.

With Whitehaven, it's "Your Journey. Your Whitehaven."
